

Town of Dracut

You will be automatically renewed in the Dracut Community Electricity Aggregation product, Dracut Standard, starting on your **December 2023** meter read.

October 19, 2023

Dear Dracut Electricity Customer,

Thank you for participating in Dracut Community Electricity Aggregation, the Town's Community Electricity Aggregation (CEA) program to provide electricity supply options to our community since 2016. The Program works to ensure competitive, stable costs for renters, homeowners, and businesses, although we recognize that savings cannot be guaranteed. The Town has renewed the Program with new prices for Dracut Standard. The electricity supplier for the Dracut Community Electricity Aggregation is Constellation.

TO REMAIN IN THE PROGRAM

You do not need to take any action to remain in the Program.* If you take no action, you will be automatically renewed in the Dracut Standard product, starting on your December 2023 meter read.

You may choose to enroll in another Dracut Community Electricity Aggregation product. To do so, call the program's electricity supplier, Constellation, at (833) 461-0813, or submit a request at MassCEA.com/Dracut. You may also opt out of the Program and return to National Grid Basic Service. To do so, you must either: call Constellation at (833) 461-0813 or submit the opt-out form at MassCEA.com/Dracut. There is never any penalty or fee to change products or leave the Program.

*If you have a supplier block on your National Grid account, you must remove it to remain in the Program (see page 2).

NEW PROGRAM SUMMARY

	National Grid Basic Service (if you leave the Program)	Dracut Standard (Automatic)	Dracut Plus
Price	18.213 ¢/kWh - Residential 17.262 ¢/kWh - Small Business 21.450 ¢/kWh - Large Business*	15.784 ¢/kWh	17.372 ¢/kWh
Voluntary Renewable Energy Content	Meets the State required minimum	Meets the State required minimum	Adds MA Class I RECs to total 100% with state required RECs
Duration	November 1 – July 31, 2023 *Large Business: November 1, 2023 – January 31, 2024	December 2023 to November 2025	December 2023 to November 2025

The Program cannot guarantee savings compared to National Grid Basic Service for the duration of program pricing because future Basic Service rates are unknown.

Program prices could also increase as a result of a change in law that results in a direct material increase in costs during the term of the electric supply contract. A commission fee of \$0.001 per kilowatt-hour (kWh) for the aggregation consultant is included in all program prices. Dracut Community Electricity Aggregation prices also include taxes which are billed as part of the power supply charge.

Dracut Community Electricity Aggregation prices apply to service beginning and ending on the days of the month that your meter is read. Prices indicated above are for Supply Services only.

Some products contain additional Renewable Energy Certificates (RECs) above that required by MA law. The additional RECs qualify for MA Class I designation from generation located within, or delivered to, New England.

RENEWABLE ENERGY DETAIL

The Commonwealth of Massachusetts requires that all electric supply products include a minimum of 59% renewable energy resources in 2023, 62% in 2024, and 63% in 2025. This requirement includes “premium” sources, known as MA Class I, as well as other sources. For details on all required sources, see www.mass.gov/service-details/program-summaries. Some program products contain additional renewable energy that exceeds the minimum required by the Commonwealth (as shown below).

Name	Year	Required RPS MA Class I	Required Other	Voluntary MA Class I	Total
National Grid Basic Service (If you leave the Program)	2023	22%	37%	-	59%
	2024	24%	38%	-	62%
	2025	27%	36%	-	63%
Dracut Standard (Automatic)	2023	22%	37%	-	59%
	2024	24%	38%	-	62%
	2025	27%	36%	-	63%
Dracut Plus	2023	22%	37%	41%	100%
	2024	24%	38%	38%	100%
	2025	27%	36%	37%	100%
The Renewable Portfolio Standard (RPS) is the minimum renewable energy required each year by the Commonwealth of Massachusetts.					

ANSWERS TO FREQUENTLY ASKED QUESTIONS

- Dracut Community Electricity Aggregation does not replace National Grid as your electric utility. National Grid will continue to deliver electricity, repair outages, and manage all billing.
- You can switch to a different program supply product any time after you’ve enrolled.
- You can leave the Program with no associated early termination fees any time after you’ve enrolled. If you leave the Program, your account(s) will be returned to National Grid Basic Service on the next available meter read.
- Budget Plan or Eligible Low-Income delivery rate consumers will continue to receive those benefits from National Grid.
- Solar Electricity Consumers will not be impacted and will continue to receive their net metering credits while participating in the Program.
- Exit Terms for Basic Service: There is no penalty charge for leaving National Grid’s Basic Service, however, Industrial customers (G-2 and G-3) may receive a reconciliation charge or credit.
- If you have already chosen a Green Power supply option on your own, you must opt out of this Program. This will ensure you continue to receive your electricity from that Green Power Supply.
- Information about Basic Service: visit www.mass.gov/info-details/basic-service-information-and-rates, or call National Grid at (800) 322-3223.
- If you are receiving electricity supply from a competitive supplier and believe you have received this letter in error, you must contact Constellation to opt out. This will ensure you continue to receive your electricity from that competitive supplier and prevent any possible early termination fees.
- Tax-exempt small business customers participating in the Program must provide a copy of their Tax-Exemption Certificate directly to Constellation via email at CNETaxForms@constellation.com, fax at (877) 243-4968, or mail at Attn: Tax Team, 1001 Louisiana Street, Suite 2300, Houston, TX 77002, in order to maintain their tax-exempt status.
- If you have a supplier block on your National Grid account, the supplier will not be able to enroll you in the new prices for Dracut Community Electricity Aggregation. To check if you have a block and/or to remove a block, please contact National Grid at (800) 322-3223.
