## Somerset Community Electricity Aggregation Program

March 15, 2023

Dear Somerset Electricity Customer,

The Town of Somerset is offering Somerset Community Electricity Aggregation (Somerset CEA), which provides new Town-vetted options for electricity supply. National Grid will continue to deliver your electricity, however, the electricity supplier was chosen by the Town of Somerset through a competitive bid process that leveraged the bulk-buying power of our community, understanding that savings cannot be guaranteed.

**You will be automatically enrolled in the Somerset CEA product, “Standard,” as of your May 2023 electricity meter read, unless you choose one of our optional products or choose to opt out.**

**To opt out and avoid automatic enrollment in the Somerset CEA Program, you must do one of the following before April 17, 2023:**

mail and postmark the enclosed opt-out card

OR

call Constellation at (833) 461-0813

OR

submit the opt-out form at [MassCEA.com/Somerset](http://MassCEA.com/Somerset)

Participants may also opt out of Somerset Community Electricity Aggregation at any time during the Program without penalty. Please read further to learn more about Somerset Community Electricity Aggregation.

— Lorne Lawless, Chair, Board of Selectmen, Town of Somerset

## SOMERSET CEA GOALS

### Competitive and Stable Prices

All Somerset CEA prices are fixed through December 2023, whereas National Grid Basic Service prices change every six months for Residential and Commercial customers, and every three months for Large Commercial and Industrial customers. Somerset CEA offers options that are intended to be price-competitive with National Grid Basic Service, however, **savings cannot be guaranteed**. This is because Basic Service rates are not known for the entire period of Somerset's contract, and may therefore be above or below Somerset CEA rates in any given period.

### No Obligation

Somerset CEA includes the ability to leave the Program at any time without penalty.

### Electricity Choice

Somerset CEA offers three different electricity supply choices with different levels of renewable energy certificates (RECs) to match your budget and climate goals.

## SOMERSET CEA PRODUCTS

### Standard Product

**1 Standard:** This is the **standard product** that you will be automatically enrolled in if you do nothing. The goal for this product is to be equal to, or lower than, the average National Grid Basic Service rates over Somerset's contract term. However, as Basic Service rates change, **savings cannot be guaranteed** for any given period.

### Other Products

Somerset CEA also offers two optional electricity products, each with differing amounts of RECs relative to mandated requirements. To enroll in any of these optional products, you must contact the supplier, **Constellation**, at (833) 461-0813, or sign up on the Program website: [MassCEA.com/Somerset](http://MassCEA.com/Somerset).

**2 50% Green:** This is an **optional product**. It includes fifty percent (50%) more Renewable Energy Certificates (MA Class I RECs) than required by the Commonwealth.

**3 100% Green:** This is an **optional product**. It includes Renewable Energy Certificates (MA Class I RECs) equal to one hundred percent (100%) of a customer's electricity consumption, in addition to the minimum number of RECs required by the Commonwealth.

### GREEN

Products described as Green contain additional Renewable Energy Certificates (RECs) above that required by MA law. The additional RECs qualify for MA Class I designation from generation located within, or delivered to, New England.

## SOMERSET CEA PRICING

	Electricity Supply Product	Renewable Energy Certificates (RECs)	Residential	Commercial	Large Commercial and Industrial (C&I)	Price Period
Somerset CEA	<b>Standard</b>	Meets minimum MA Class I requirements	\$0.10470/kWh	\$0.10470/kWh	\$0.17500/kWh	<b>May 2023 - December 2023</b> Rates apply to service beginning and ending on the days of the month that your meter is read
	<b>50% Green (optional)</b>	50% greater than MA Class I requirements	\$0.12244/kWh	\$0.12244/kWh	\$0.19550/kWh	
	<b>100% Green (optional)</b>	MA Class I RECs equal to 100% of customer's metered consumption	\$0.14019/kWh	\$0.14019/kWh	\$0.21600/kWh	
What You Have Now	<b>National Grid Basic Service</b>	meets minimum MA Class I requirements	\$0.33891/kWh	\$0.32287/kWh	SEMA \$0.22899/kWh	<b>November 1, 2022 - April 30, 2023</b> Residential and Commercial*  <b>February 1, 2023 - April 30, 2023</b> Large C&I*
<p><b>No guarantee of savings.</b> National Grid Basic Service rates for electric supply change every six months for Residential and Commercial customers, and every three months for Large Commercial and Industrial customers. National Grid Basic Service rates may be above or below Somerset CEA rates for customers during any given period. Program prices could also increase as a result of a change in law that results in a direct material increase in costs during the term of the electric supply contract.</p> <p><b>Rates indicated above are for Supply Services only.</b> Commission fee for all Somerset CEA products is included in above rates. This fee is \$0.001/kWh for the aggregation consultant. Rates also include taxes which are billed as part of the power supply charge.</p>						

## SOMERSET CEA PARTICIPATION

To enroll in the Somerset Community Electricity Aggregation Standard product, you do not need to take any action. To enroll in an optional Somerset CEA product, contact the supplier, **Constellation**, or use the online form at [MassCEA.com/Somerset](http://MassCEA.com/Somerset). If you don't wish to participate, mail and postmark the enclosed opt-out card on or before April 17, 2023 to avoid automatic enrollment in the Somerset CEA Program.

**Budget Plan or Eligible Low-Income** delivery rate consumers will continue to receive those benefits from National Grid.

**Solar Electricity Consumers** will not be impacted and will continue to receive their net metering credits while participating in the Program.

**Exit Terms for Basic Service:** There is no penalty charge for leaving National Grid's Basic Service, however, Industrial customers (G-2 and G-3) may receive a reconciliation charge or credit.

If you have already chosen a Green Power supply option on your own, you must opt out of this Program. This will ensure you continue to receive your electricity from that Green Power Supply.

**You can leave the Program any time** after you've enrolled, with no early termination fees. If you leave the Program, your account(s) will be returned to National Grid's Basic Service on the next available meter read.

**How to access information about Basic Service:** visit [www.mass.gov/info-details/basic-service-information-and-rates](http://www.mass.gov/info-details/basic-service-information-and-rates), or call National Grid at (800) 322-3223.

**If you are receiving electricity supply from a competitive supplier and believe you have received this opt-out letter in error, you must sign and return the enclosed opt-out card.** This will ensure you continue to receive your electricity from that competitive supplier and prevent any possible early termination fees.

**Tax-exempt small business customers** must provide a copy of their Energy Exemption Certificate directly to Constellation via email at [CNETaxForms@constellation.com](mailto:CNETaxForms@constellation.com), fax at (877) 243-4968, or mail at Attn: Tax Team, 1001 Louisiana Street, Suite 2300, Houston, TX 77002, in order to maintain their tax-exempt status.

## CUSTOMER SUPPORT & MORE INFORMATION

For more information, visit [MassCEA.com/Somerset](http://MassCEA.com/Somerset), or call (844) 627-7232.

To select an optional Somerset CEA product, or to opt out of the Program, please contact **Constellation** at (833) 461-0813, 24 hours a day, or email at [vst@constellation.com](mailto:vst@constellation.com).
