Announcement to local/regional media

FOR IMMEDIATE RELEASE

Attleboro Community Electricity Aggregation Renewed until November 2028

Attleboro, MA – (September 18, 2025): The City of Attleboro announces the renewal of its Attleboro Community Electricity Aggregation (CEA) program, with new prices for the period November 2025 until November 2028. Attleboro CEA is a group purchasing program, operated by the City since 2016, which provides electricity supply options to help residents and businesses manage costs and increase renewable energy use.

The City is excited that it has secured lower prices for all supply options! Current participants do not need to take any action to remain in the Attleboro CEA program and receive the new pricing.

All new Attleboro CEA prices will be fixed for 36 months, beginning November 2025 until November 2028. The Attleboro CEA program will be served by our supplier, Constellation:

Attleboro Standard	Attleboro Plus
Old Price: 15.784¢/kWh New price: 14.346 ¢/kWh No additional renewable energy (63% in 2025)	Old Price: 17.372¢/kWh New Price: 15.475 ¢/kWh Adds renewable energy to total 100% (100% in 2025)
Our lowest priced option.	Go above and beyond! Put more renewables onto the grid than you consume.

Learn more about our options at MassCEA.com/Attleboro.

The majority of accounts in the City use the Attleboro Standard option. **You may switch to another Attleboro CEA option at any time. To switch options, call our program’s electricity supplier, Constellation, at (833) 461-0813, or submit a request at MassCEA.com/Attleboro.**

No action is necessary to receive the new pricing for your current Attleboro supply option. To check what Attleboro CEA supply option you currently use, you can review the Supply section of your National Grid electricity bill. If you participate in the program, your current supply rate will appear as one of the “Old Prices” of products listed in the table above.

New prices take effect on your November 2025 meter read. The first bill to show the new Attleboro CEA pricing will be the bill you receive showing usage from your November 2025 meter read to December 2025 meter read. Most customers can expect to receive this bill in December 2025.

September 18, 2025 · 🌐

We are renewing our Community Electricity Aggregation (CEA) program, with new prices for the period November 2025 until November 2028. Attleboro CEA is a group purchasing program, operated by the City since 2016, which provides electricity supply options to help residents and businesses manage costs and increase renewable energy use. Current participants do not need to take any action to remain in the Attleboro CEA program and receive the new pricing.

All new Attleboro CEA prices will be fixed for 36 months, beginning November 2025 until November 2028. The Attleboro CEA program will be served by our supplier, Constellation:

- Attleboro Standard: New price: 14.346 ¢/kWh
- Attleboro Plus: New Price: 15.475 ¢/kWh

Letters are being mailed to residents next week with the renewal information. Read more about this program and its renewal: <https://www.cityofattleboro.us/.../Attleboro-Press...>

Attleboro Community Electricity Aggregation Renewed Program Prices

Our City's electricity supply program has been renewed, with lower prices for all products. New prices go into effect on your November 2025 meter read and will be fixed until November 2028.

Attleboro Standard	Attleboro Plus
Old Price: 15.784 ¢/kWh New price: 14.346 ¢/kWh No additional renewable energy (63% in 2025)	Old Price: 17.372 ¢/kWh New Price: 15.475 ¢/kWh Adds renewable energy to total 100% (100% in 2025)
Our lowest priced option.	Go above and beyond! Put more renewables onto the grid than you consume.
